

## SUBJECT INDEX

### A

- Abdomen
  - aortic aneurysm, preoperative computed tomography in, 87
  - sepsis, relaparotomy for, 294
  - trauma to
    - alcohol abuse and coagulopathy and, 44
    - diagnostic laparotomy in, 41
- Abscess
  - drug-related, 398
  - intra-abdominal, *Candida* in, pathogenicity of, 299
  - splenic, 386
    - early diagnosis, 303
- Adenocarcinoma
  - ampulla of Vater, surgical experience, 603
  - colorectal. *See* Colorectal carcinoma
- Adolescence, malignant melanoma in, 142
- Alcohol (ethanol)
  - abuse, and coagulopathy, in penetrating abdominal trauma, 44
  - in experimental burn wounds, 53
  - intoxication, smoke inhalation injury and, 641
- Aminoglycoside antibiotics, endotracheal administration, in gram negative pneumonia, 391
- Ampulla of Vater, adenocarcinoma, 603
- Amputation, following distal tibial revascularization, site and timing according to skin oxygenation, 519
- Anastomosis, obstruction, in patent infrainguinal bypass, 607
- Anatomy
  - abnormalities in cadaver kidneys procured for transplantation, 233
  - gross, in medical curriculum, 227
  - intrinsic muscles of sole of foot, 284
  - left triangular ligament of liver, 246
  - pelvic autonomic nerves, 236
- Anesthetics, morphine sulfate interactions (rat), 654
- Aneurysm
  - abdominal aorta, preoperative computed tomography in, 87
  - of superficial temporal artery, head trauma and, 49
- Angelchik prosthesis, complications, 208
- Angiogenesis, in skin wounds, hyperbaric oxygen and (rat), 659
- Angioplasty, percutaneous transluminal, plus transaxillary first rib resection, for thoracic outlet syndrome, 485
- Anomalies
  - aortic arch, dysphagia and, 238
  - congenital
    - accessory septum transversum, 278
    - gastric, 264
    - prepyloric web, 282
- Antibiotic therapy
  - endotracheal aminoglycosides in gram negative pneumonia, 391
  - in mixed anaerobic/aerobic infections, 467
- Anus, imperforate, repair of, posterior sagittal approach, 72
- Aorta
  - abdominal, aneurysm, 87
  - thoracic, rupture of, in blunt chest trauma, 47
- Aortic arch anomalies, dysphagia and, 238
- Aortofemoral bypass, mixed venous oxygen saturation during, continuous monitoring of, 114
- Aplasia, gastric, 264
- Appendectomy, during pregnancy, 218
- Appendicitis, acute
  - diagnosis, 222
  - in pregnant patient, 218
- Arteriography
  - in carotid artery disease, 532
  - noninvasive techniques vs, 526

- in splenic abscess, 303
- Ascorbic acid, supplementation, after gastrointestinal surgery, body iron stores and, 463
- Atresia
  - gastric, 264
  - vaginal, 72
- Atrioventricular synchrony, hemodynamics and, in patient with low ejection fraction following open heart surgery, 93

### B

- Back, epaxial parallel muscle combination, 273
- Balloon pumping, intra-aortic, assessment by ocular pneumoplethysmography, 489
- Barium enema, in appendicitis, 222
- Biliary tract
  - bile duct carcinoma, aggressive surgical approach, 134
  - carcinoma, management, 134, 193
  - common duct exploration, in acute cholecystitis, 177
  - disease
    - in cardiac patient, EKG changes in, 541
    - symptomatic, in elderly patient, 442
  - injuries, cholecystectomy and, 312
  - obstructive disease, management, 193
  - retained and residual common duct stones, 588
- Biopsy, excisional, of suspicious mammographic lesions, 117
- Blood flow
  - poststenotic velocity, Doppler-derived percentage systolic window, 646
  - renal, in peritonitis (mouse), 625
- Breast
  - cancer, modified radical mastectomy with immediate breast reconstruction, 129
  - infrared light scanning, 123
  - nonpalpable mammographic lesions, wire localization and excisional biopsy, 117
- Burn wounds
  - in diabetic mice, 56
  - electrical, during open heart surgery, 97
  - experimental, ethanol effects, 53
- Bypass procedures. *See also* Revascularization
  - aortofemoral, 114
  - gastric, 594
  - iliofemoral, 374
  - infrainguinal, 607

### C

- Calcium depletion, and inhibition of hydrogen ion secretion by bullfrog fundic mucosa, 226
- Cancer. *See also specific organs*
  - chemotherapy. *See* Chemotherapy
  - Merkel cell, 159
  - pain
    - epidural morphine by continuous infusion with external pump, 402
    - percutaneous administration of epidural and intrathecal morphine, 155
    - squamous cell carcinoma metastatic to cervical lymph nodes, 152
  - Candida*, in peritoneal fluid and intra-abdominal abscess, pathogenicity of, 299
- Carbon clearance, muramyl dipeptide and lead acetate and (mouse), 613
- Cardiography, impedance, 636
- Cardiopulmonary bypass

## SUBJECT INDEX

### A

- Abdomen
  - aortic aneurysm, preoperative computed tomography in, 87
  - sepsis, relaparotomy for, 294
  - trauma to
    - alcohol abuse and coagulopathy and, 44
    - diagnostic laparotomy in, 41
- Abscess
  - drug-related, 398
  - intra-abdominal, *Candida* in, pathogenicity of, 299
  - splenic, 386
    - early diagnosis, 303
- Adenocarcinoma
  - ampulla of Vater, surgical experience, 603
  - colorectal. *See* Colorectal carcinoma
- Adolescence, malignant melanoma in, 142
- Alcohol (ethanol)
  - abuse, and coagulopathy, in penetrating abdominal trauma, 44
  - in experimental burn wounds, 53
  - intoxication, smoke inhalation injury and, 641
- Aminoglycoside antibiotics, endotracheal administration, in gram negative pneumonia, 391
- Ampulla of Vater, adenocarcinoma, 603
- Amputation, following distal tibial revascularization, site and timing according to skin oxygenation, 519
- Anastomosis, obstruction, in patent infrainguinal bypass, 607
- Anatomy
  - abnormalities in cadaver kidneys procured for transplantation, 233
  - gross, in medical curriculum, 227
  - intrinsic muscles of sole of foot, 284
  - left triangular ligament of liver, 246
  - pelvic autonomic nerves, 236
- Anesthetics, morphine sulfate interactions (rat), 654
- Aneurysm
  - abdominal aorta, preoperative computed tomography in, 87
  - of superficial temporal artery, head trauma and, 49
- Angelchik prosthesis, complications, 208
- Angiogenesis, in skin wounds, hyperbaric oxygen and (rat), 659
- Angioplasty, percutaneous transluminal, plus transaxillary first rib resection, for thoracic outlet syndrome, 485
- Anomalies
  - aortic arch, dysphagia and, 238
  - congenital
    - accessory septum transversum, 278
    - gastric, 264
    - prepyloric web, 282
- Antibiotic therapy
  - endotracheal aminoglycosides in gram negative pneumonia, 391
  - in mixed anaerobic/aerobic infections, 467
- Anus, imperforate, repair of, posterior sagittal approach, 72
- Aorta
  - abdominal, aneurysm, 87
  - thoracic, rupture of, in blunt chest trauma, 47
- Aortic arch anomalies, dysphagia and, 238
- Aortofemoral bypass, mixed venous oxygen saturation during, continuous monitoring of, 114
- Aplasia, gastric, 264
- Appendectomy, during pregnancy, 218
- Appendicitis, acute
  - diagnosis, 222
  - in pregnant patient, 218
- Arteriography
  - in carotid artery disease, 532
  - noninvasive techniques vs, 526

- in splenic abscess, 303
- Ascorbic acid, supplementation, after gastrointestinal surgery, body iron stores and, 463
- Atresia
  - gastric, 264
  - vaginal, 72
- Atrioventricular synchrony, hemodynamics and, in patient with low ejection fraction following open heart surgery, 93

### B

- Back, epaxial parallel muscle combination, 273
- Balloon pumping, intra-aortic, assessment by ocular pneumoplethysmography, 489
- Barium enema, in appendicitis, 222
- Biliary tract
  - bile duct carcinoma, aggressive surgical approach, 134
  - carcinoma, management, 134, 193
  - common duct exploration, in acute cholecystitis, 177
  - disease
    - in cardiac patient, EKG changes in, 541
    - symptomatic, in elderly patient, 442
  - injuries, cholecystectomy and, 312
  - obstructive disease, management, 193
  - retained and residual common duct stones, 588
- Biopsy, excisional, of suspicious mammographic lesions, 117
- Blood flow
  - poststenotic velocity, Doppler-derived percentage systolic window, 646
  - renal, in peritonitis (mouse), 625
- Breast
  - cancer, modified radical mastectomy with immediate breast reconstruction, 129
  - infrared light scanning, 123
  - nonpalpable mammographic lesions, wire localization and excisional biopsy, 117
- Burn wounds
  - in diabetic mice, 56
  - electrical, during open heart surgery, 97
  - experimental, ethanol effects, 53
- Bypass procedures. *See also* Revascularization
  - aortofemoral, 114
  - gastric, 594
  - iliofemoral, 374
  - infrainguinal, 607

### C

- Calcium depletion, and inhibition of hydrogen ion secretion by bullfrog fundic mucosa, 226
- Cancer. *See also specific organs*
  - chemotherapy. *See* Chemotherapy
  - Merkel cell, 159
  - pain
    - epidural morphine by continuous infusion with external pump, 402
    - percutaneous administration of epidural and intrathecal morphine, 155
    - squamous cell carcinoma metastatic to cervical lymph nodes, 152
  - Candida*, in peritoneal fluid and intra-abdominal abscess, pathogenicity of, 299
- Carbon clearance, muramyl dipeptide and lead acetate and (mouse), 613
- Cardiography, impedance, 636
- Cardiopulmonary bypass

- for core rewarming in hypothermia, 407
- skin injury and, 97
- Cardiovascular system. *See also* Heart
  - atrioventricular synchrony and hemodynamics in patient with low ejection fraction post open heart surgery, 93
  - cardiac disruption due to trauma, 14
  - inferior vena caval injuries, 9
  - rupture of thoracic aorta in blunt trauma, 47
  - superior vena cava syndrome, 622
- Carotid artery disease
  - diagnosis
    - arteriography vs noninvasive techniques, 526
    - ultrasonic imaging, 532
  - stenosis, quantitation, Doppler-derived percentage systolic window, 646
- Carotid endarterectomy
  - complications, 479
  - hypertension following, 581
- Catheters/catheterization
  - multiple lumen catheter for central venous access in cancer chemotherapy, 105
  - for percutaneous administration of epidural and intrathecal morphine in pain of malignant origin, 155
  - pulmonary artery, in preoperative and intraoperative hemodynamic monitoring, 536
  - subclavian cannulation, review and recommendations, 108
- Chemotherapy
  - central venous access, multiple lumen catheter for, 105
  - intra-arterial, regional hepatic infusion, complications, 351
- Children
  - congenital prepyloric web in, 282
  - malignant melanoma in, 142
  - peritoneal dialysis in, 66
- Chisolm, Julian John, 1
- Chloral hydrate, morphine sulfate and (rat), 654
- Cholangiography
  - choledochal cysts, 76
  - operative, in choledocholithiasis, 177
  - pseudocalculus sign, 197
- Cholecystectomy
  - biliary tract injuries from, 312
  - in sickle cell patient with asymptomatic cholelithiasis, 205
- Cholecystitis
  - acute
    - common duct exploration in, 177
    - posttraumatic and postoperative, 188
  - in cardiac patient, EKG changes, 541
- Choledochal cyst, 76
- Choledocholithiasis
  - critical analysis of retained and residual stones, 588
  - management, 193
  - operative cholangiography in, 177
  - pancreatitis and, early surgery for, 201
- Cholelithiasis, asymptomatic, in sickle cell disease, 205
- Cimetidine, parenteral, in hyperparathyroid crisis, 320
- Circulation, collateral, effect on intestinal viability after segmental devascularization (rat), 630
- Clindamycin, moxalactam vs, in mixed anaerobic/aerobic infections, 467
- Coagulopathy, alcohol abuse and, and penetrating abdominal trauma, 44
- Colectomy, rectal mucosectomy and ileal pouch pull through plus, for chronic ulcerative colitis, 182
- Collagen, absorbable (hemostat), for hemostasis, 492
- Colon resection, in extremely elderly patient, 214
- Colorectal carcinoma
  - right colon vs left colon vs rectal carcinoma, 504
  - staging classifications, 428
- Colostomy, for rectal gunshot wounds, 37
- Computed tomography
  - in splenic abscess, 303
  - in splenic cysts, 333
  - in symptomatic abdominal aortic aneurysms, 87

- Computer, handheld, in critical care medicine, 452
- Coronary artery disease, biliary tract disease and, EKG changes in, 541
- Critical care medicine, handheld computers in, 452
- Cyclosporine, in liver transplantation, survival and, 291
- Cystoduodenostomy, for pancreatic pseudocysts, 438
- Cysts
  - choledochal, 76
  - splenic, 333

## D

- Dacron arterial prosthesis, macroporous, closure of interstices, comparison of three biologic materials (dog), 667
- Debridement, drainage plus, for nontransecting pancreatic injuries, 599
- Devascularization, segmental, of small intestine, collateral circulation and intestinal viability (rat), 630
- Diabetes mellitus, burns in (mouse), 56
- Dialysis
  - maintenance, cost analysis of various approaches, 315
  - peritoneal, in pediatric patient, 66
- Diaphragm, accessory, 278
- Doppler velocimeter, in quantitation of arterial stenosis, 646
- Drainage, debridement plus, for nontransecting pancreatic injuries, 599
- Drug abuse, pneumothorax and, 377
- Drug therapy, abscesses and, 398
- Duodenum, ulcers
  - penetrating, regional hepatic chemotherapy and, 351
  - perforated, surgical management, 500
- Duplication, gastric, 264
- Dysphagia, aortic arch anomalies and, 238

## E

- Echocardiography, in diagnosis of carotid artery disease, 526
- Education
  - flexible sigmoidoscopy/colonoscopy program for surgical residents, 577
  - gross anatomy in medical education, 227
  - surgical endoscopy training, 287
  - tetanus prophylaxis, 544
- Electrical burns, during open heart surgery, 97
- Electrical stimulation, in study and correction of human gait, 257
- Electrocardiogram, changes in, in cardiac patient with biliary disease, 541
- Emergency medicine, emergency department thoracotomy, 20
- Endoscopy
  - percutaneous endoscopic gastrostomy, 495
  - training in university program, 287
  - upper gastrointestinal tract, in complications of regional hepatic chemotherapy, 351
- Endotoxemia, in frostbite (mice), 564
- Endotoxin, death from, muramyl dipeptide and lead acetate and (mice), 613
- Endotoxin shock, imidazole in (dog), 413
- Enterocolitis, necrotizing, in newborn, 61
- Esophagectomy, with gastric interposition, for carcinoma of cervical esophagus, 140
- Esophagogastroduodenoscopy, in complications of regional hepatic chemotherapy, 351
- Esophagus
  - cervical, carcinoma, blunt esophagectomy and gastric interposition for, 140
  - lower esophageal sphincter, manometric parameters following acid-induced abolition of high pressure zone (cat), 418
  - varices, bleeding
    - endoscopic sclerotherapy, 573
    - surgery for, 81
- Ethanol. *See* Alcohol
- Extremities, lower
  - ischemia, prostaglandin E<sub>1</sub> intravenous infusion for, 474
  - vascular surgery. *See* Bypass procedures; Revascularization

## F

- Fibrin, autogenic, for interstices closure in macroporous Dacron arterial grafts (dog), 667
- Fistula, gastrocolic, benign gastric ulcers and, 446
- Fluid therapy, intraoperative, preoperative hemodynamic monitoring and, 536
- Foot, sole, intrinsic muscles of, 284
- Foreign body, gastrointestinal, 618
- Fractures, pelvic, 548
- Frostbite, endotoxemia in (mice), 564

## G

- Gait, electrical stimulation studies, 257
- Gallium scan, in splenic abscess, 303
- Gallstones. *See* Cholelithiasis
- Gastric bypass, for morbid obesity, micronutrient deficiency after, 594
- Gastritis, regional hepatic chemotherapy and, 351
- Gastroesophageal reflux, Angelchik prosthesis in, complications, 208
- Gastrointestinal tract, foreign bodies, 618
- Gastrostomy, percutaneous endoscopic, 495
- General surgery
  - absorbable collagen for hemostasis during, 492
  - ambulatory surgery: impact on general surgery practice, 347
  - small-town general surgeons in Georgia, 340
- Gentamicin, endotracheal administration, in gram negative pneumonia, 391
- Geriatric patient
  - colon resection in, 214
  - symptomatic biliary tract disease in, 442

## H

- Heart
  - myocardial compromise, noncardiac muscle assist for (dog), 423
  - myocardial function, morphine sulfate and (rat), 654
  - traumatic wounds of, 14
    - emergency department thoracotomy, 20
  - valve prosthesis, St. Jude, 101
- Heart surgery, open
  - low ejection fraction following, atrioventricular synchrony and hemodynamics in, 93
  - remote skin injury in, 97
- Hemicolectomy, right, preservation of valva ileocaecalis during (rat), 269
- Hemodynamics
  - monitoring, preoperative, intraoperative fluid management and, 536
  - in patient with low ejection fraction following open heart surgery, atrioventricular synchrony and, 93
  - splanchnic, distal splenorenal shunt and, 568
- Hemostasis, absorbable collagen for, 492
- Heparin, mini-dose, thromboelastographic evaluation (dog), 112
- Hernia, unilateral, in male infant, contralateral groin exploration in, 70
- Heterotopia, gastric, 264
- Hourglass stomach, 264
- Hydrogen ion, secretion by bullfrog fundic mucosa, inhibition of, calcium depletion and, 226
- Hyperbaric oxygen, wound healing and, bursting strength and revascularization rate of skin wounds (rat), 659
- Hypercalcemia, in squamous cell carcinoma of renal pelvis, 560
- Hypercalcemic crisis
  - cimetidine in, parenteral, 320
  - parathyroid exploration in, 174
- Hyperparathyroid crisis. *See* Hypercalcemic crisis
- Hyperparathyroidism
  - parathyroid exploration in, 174
  - serum parathormone assay in, 170

- Hyperplasia, intimal, in revascularization, 663
- Hypertension, post carotid endarterectomy, 581
- Hypopharynx, carcinoma, blunt esophagectomy and gastric interposition for, 140
- Hypothermia, cardiopulmonary bypass for core rewarming in, 407

## I

- Iliofemoral bypass, 374
- Imidazole, in endotoxin shock (dog), 413
- Immunotherapy, adjuvant, vaccinia melanoma oncolysate, in malignant melanoma, 148
- Impedance cardiography, 636
- Infant
  - accessory septum transversum, 278
  - male, unilateral hernia, contralateral groin exploration in, 70
  - newborn, necrotizing enterocolitis in, paracentesis, 61
  - peritoneal dialysis in, 66
- Infection
  - mixed anaerobic/aerobic, moxalactam vs clindamycin/tobramycin in, 467
  - necrotizing, of perineum, surgical management, 395
  - pneumonia, 391
- Inflammation, splenectomy in (mice), 337
- Infragaingual bypass, patent, with distal anastomotic obstruction, 607
- Infrared light scan, of breast, 123
- Inguinal incision, in peripheral revascularization, sources of *Staphylococcus epidermidis* contamination, 472
- Intestine, obstruction, in cancer patient, 434
- Intestine, small
  - resection, telescoped intestinal valve in, competence and bacteriology of (dog), 555
  - viability, collateral circulation and, following segmental devascularization (rat), 630
- Iron, body stores, after gastrointestinal surgery, ascorbic acid plus iron therapy and, 463
- Ischemia, lower extremity, prostaglandin E<sub>1</sub> intravenous infusion for, 474

## K

- Kidney
  - blood flow and energy charge, in peritonitis (mice), 625
  - cadaver, anatomic abnormalities, 233
  - endstage disease, dialysis for, cost analysis of various approaches, 315
  - failure
    - model for study of, 651
    - in pediatric patient, peritoneal dialysis for, 66
    - in sepsis, murine studies, 625
  - pelvis, squamous cell carcinoma, hypercalcemia in, 560
  - transplantation, anatomic abnormalities of cadaver kidneys, 233
  - vascular injuries, 30

## L

- Laparotomy
  - diagnostic, in abdominal trauma, 41
  - repeat
    - for intra-abdominal sepsis, 294
    - in trauma, 308
- Lead acetate, effect on carbon clearance and endotoxin-induced death (mice), 613
- Ligament, left triangular, of liver, 246
- Linitis plastica, metastatic, 510
- Liver
  - left triangular ligament, 246
  - transplantation, survival in cyclosporine era, 291
- Lupus erythematosus, systemic. *See* Systemic lupus erythematosus
- Lymph nodes, cervical, squamous cell carcinoma metastatic to, 152

- Mammography, nonpalpable breast lesions, wire localization and excisional biopsy, 117
- Manometry, lower esophageal sphincter asymmetry following acid-induced abolition of high pressure zone (cat), 418
- Mastectomy, modified radical, with immediate breast reconstruction, 129
- Mediastinum, penetrating injuries, 359
- Melanoma, malignant  
in childhood and adolescence, 142  
vaccinia melanoma oncolysates for, phase I/II pilot study, 148
- Merkel cell carcinoma, 159
- Metastatic disease  
linitis plastica, 510  
squamous cell carcinoma of cervical lymph nodes, 152
- Missile injuries  
inferior vena cava, 9  
rectal gunshot wounds, 37  
renal vasculature, 30
- Morphine  
myocardial function and (rat), 654  
for pain of malignant origin  
continuous epidural infusion using external pump, 401  
percutaneous administration into spinal epidural or cerebral intraventricular space, 155
- Moxalactam, clindamycin/tobramycin vs, in mixed anaerobic/aerobic infections, 467
- Muramyl dipeptide, effect on carbon clearance and endotoxin-induced death (mice), 613
- Muscles  
epaxial parallel muscle combinations of back, muscle spindle contractions of, 273  
noncardiac, cardiac assistance from (dog), 423  
sole of foot, 284
- Myocardium. *See* Heart

## N

- Nasoenteric feeding tubes, misplacement of, pneumothorax and, 381
- Nerves, autonomic, of pelvis, 236
- Nutrition  
micronutrient deficiency, gastric bypass for morbid obesity and, 594  
nasogastric feeding, pneumothorax from tube misplacement, 381

## O

- Obesity, gastric bypass for, 594
- Obstruction  
anastomotic, with patent infrainguinal bypass, 607  
aortoiliac, iliofemoral bypass, 374  
biliary tract disease, 193  
intestinal, in cancer patient, 434
- Ocular pneumoplethysmography, assessment of intra-aortic balloon pumping, 489
- Oculoplethysmography, in diagnosis of carotid artery disease, 526, 532
- Opiate agonist. *See* Morphine
- Oxygen  
hyperbaric, in wound healing (rat), 659  
saturation, mixed venous (SvO<sub>2</sub>), continuous monitoring, during aorto-femoral bypass surgery, 114  
transcutaneous monitoring, in distal tibial revascularization, 519

## P

- Pain of malignant origin  
epidural morphine by continuous infusion, 402  
percutaneous administration of epidural and intrathecal morphine, 155
- Pancreas  
carcinoma, management, 193

- nontransecting injuries, debridement and drainage for, 599
- penetrating injuries, 354
- pseudocysts, 438
- Pancreatitis, cholelithiasis-associated, early surgery for, 201
- Pannus growth, of expanded polytetrafluoroethylene vascular grafts, 663
- Paracentesis, for neonatal necrotizing enterocolitis, 61
- Parathormone, serum assay, in primary hyperparathyroidism, 170
- Parathyroid gland, exploration, in hyperparathyroidism, 174
- Pelvis  
autonomic nerves, surgical anatomy, 236  
fractures, 548  
renal. *See* Kidney, pelvis
- Pentobarbital, morphine sulfate and (rat), 654
- Perineum, necrotizing infection, surgical management, 395
- Peritoneal fluid, *Candida* in, pathogenicity of, 299
- Peritonitis, renal blood flow and renal energy charge (mice), 625
- Phonoangiography, carotid, in carotid artery disease, 532
- Pilonidal sinus, Z-plasty (modified) for, 611
- Pituitary tumor, transnasal, transsphenoidal approach with marsupialization of sella turcica, 165
- Pneumatic compression device, for prophylaxis of deep vein thrombosis, 371
- Pneumonia, gram negative, endotracheal aminoglycosides in, 391
- Pneumoplethysmography, ocular. *See* Ocular pneumoplethysmography
- Pneumothorax  
in drug abusers, 377  
nasogastric feeding tube misplacement and, 381
- Polypoid, familial, colectomy, rectal mucosectomy and ileal pouch pull through for, 182
- Polytetrafluoroethylene vascular grafts, pannus growth patterns (dog), 663
- Pregnancy, appendectomy during, 218
- President's address  
ambulatory surgery, 347  
Julian John Chisolm, M.D.: Confederate surgeon, 1
- Prostaglandin E<sub>1</sub>, intravenous infusion, for limb ischemia, 474
- Prosthesis  
Angelchik, 208  
Dacron macroporous arterial graft, 667  
St. Jude Medical cardiac prosthesis, 101
- Proteins, receptor, for steroid hormones, thyroid disorders and, 514
- Pseudocalculus sign, 197
- Pseudocyst, pancreatic, 438

## R

- Radiation therapy, postoperative, for Merkel cell carcinoma, 159
- Receptor proteins, for steroid hormones, and thyroid disorders, 514
- Reconstructive surgery  
breast, immediately after modified radical mastectomy, 129  
cervical esophagus, gastric interposition for, 140  
vascular, in extremity injuries, determination of disability, 91
- Rectum  
carcinoma. *See* Colorectal carcinoma  
gunshot wounds, 37  
mucosectomy plus colectomy and ileal pouch pull through, for chronic ulcerative colitis, 182
- Reflux, gastroesophageal, 208
- Revascularization  
distal tibia, transcutaneous oxygen monitoring to determine site and timing of late amputation, 519  
expanded polytetrafluoroethylene vascular grafts, 663  
in extremity injuries, determination of disability, 91  
intimal hyperplasia in, 663  
peripheral, *Staphylococcus epidermidis* graft infection in, 472
- Rib resection, percutaneous transluminal angioplasty and, for thoracic outlet syndrome, 485

## S

- St. Jude cardiac valve prosthesis, clinical assessment, 101
- Scanning techniques, in early diagnosis of splenic abscess, 303

Sclerotherapy, for bleeding esophageal varices, 573

#### Sepsis

- imidazole in (dogs), 413
- intra-abdominal, relaparotomy for, 294
- postsplenectomy, 456
- renal failure in, murine studies, 625

Septum transversum, accessory, 278

Shock, endotoxin, imidazole in (dogs), 413

#### Shunts

- for bleeding esophageal varices, 81
- splenorenal, distal, splanchnic hemodynamics and, 568

Sickle cell disease, cholecystectomy in, 205

Situs inversus, stomach, 264

Skeletal muscle, for assisting disabled ventricle (dog), 423

Skin injury, during open heart surgery, 97

Smoke inhalation, morbidity and mortality, ethanol intoxication and, 641

#### Spleen

- abscess, 386
  - early diagnosis, 303
- cystic masses, 333
- trauma to, salvage procedures, 456
- venous segmentation of, 253

#### Splenectomy

- effect on acute inflammation (mice), 337
- in systemic lupus erythematosus, 366

Splenorenal shunt, distal, splanchnic hemodynamics and, 568

Stab wounds, inferior vena cava, 9

Staging, colorectal carcinoma, 428

*Staphylococcus epidermidis*, graft infection, in peripheral revascularization, 472

#### Stenosis

- arterial, quantitation of, Doppler-derived percentage systolic window, 646
- pyloric, congenital hypertrophic, 264

Steroid receptor proteins, and thyroid disorders, 514

#### Stomach

- antral mucosal web, 282
- congenital anomalies, 264, 282
- interposition, following esophagectomy for carcinoma, 140
- linitis plastica, metastatic, 510
- ulcers
  - gastrocolic fistula and, 446
  - perforated, 551

Subclavian vein, catheterization, review and recommendations, 108

Superior vena caval syndrome, management, 622

Systemic lupus erythematosus, splenectomy in, 366

## T

Technetium 99m scan, in splenic abscess, 303

Temporal artery, superficial, aneurysm, head trauma and, 49

Teratoma, gastric, 264

Tetanus prophylaxis, in wound management, 544

Thoracic outlet syndrome, percutaneous transluminal angioplasty and transaxillary first rib resection for, 485

Thoracotomy, in emergency department, 20

Thrombocytopenia, in systemic lupus erythematosus, splenectomy for, 366

Thromboelastography, evaluation of mini-dose heparin (dog), 112

Thrombosis, deep venous, prophylaxis, pneumatic compression device for, 371

Thyroid disorders, steroid receptor proteins in, 514

Tobramycin, moxalactam vs, in mixed anaerobic/aerobic infections, 467

Tomography, computed. *See* Computed tomography

#### Transplantation

- hepatic, 291
- renal, 233

#### Trauma

- abdominal
  - alcohol abuse and coagulopathy and, 44

diagnostic laparotomy for, 41

biliary tract, cholecystectomy and, 312

blunt, aortic rupture and, 47

cardiac disruption due to, 14

emergency department thoracotomy, 20

to head, aneurysm of superficial temporal artery and, 49

inferior vena cava, 9

pancreatic, debridement and drainage for, 599

penetrating

mediastinum, 359

pancreas, 354

rectal gunshot wounds, 37

relaparotomy in, 308

renal vascular injuries, 30

spleen, salvage procedures, 456

trifurcation injuries, 585

vascular, of extremity, 91

Trifurcation injuries, management, 585

Tumors. *See also* Cancer

pituitary, 165

## U

Ulcerative colitis, colectomy, rectal mucosectomy and ileal pouch pull through for, 182

#### Ulcers

duodenal

perforated, 500

regional hepatic chemotherapy and, 351

gastric

gastrocolic fistula and, 446

perforated, 551

#### Ultrasonography

in appendicitis, 222

choledochal cysts, 76

in splenic abscess, 303

splenic cysts, 333

## V

Vaccinia melanoma oncolysate, phase I/II pilot study in malignant melanoma, 148

Vagina, atresia, repair of, posterior sagittal approach, 72

Valva ileocaecalis, preservation during ileocolonic surgery (rat), 269

Valve, intestinal, telescoped, post small bowel resection, competence and bacteriology of (dog), 555

Varices, esophageal. *See* Esophagus, varices

#### Vascular system

aortofemoral bypass, 114

deep venous thrombosis, prophylaxis, 371

iliofemoral bypass, 374

peripheral revascularization, *Staphylococcus epidermidis* graft infection, 472

reconstruction, in extremity injuries, 91

renal vascular injuries, 30

superficial temporal artery aneurysm, 49

venous segmentation of spleen, 253

#### Vena cava

inferior, injuries, 9

superior, syndrome, 622

Vitamin C. *See* Ascorbic acid

## W

Wire localization, nonpalpable mammographic abnormalities, 117

#### Wound healing

in distal tibial revascularization, skin oxygenation and, 519

hyperbaric oxygen and, 659

tetanus prophylaxis, 544

## Z

Z-plasty, modified, for pilonidal sinus, 611
